Categories: Yellow Category

John – what works best here is Wednesday the 24th from 2:30 to 4:30 – will that work for you and Zoltan? Also do you have video conferencing equipment available to you both? It would be nice to be able to have a video conference and also show any documents you would like to via that video conference or adobe connect?

Thank you,

Lynn,

Is there a possibility we can reschedule our phone call for Sept 23rd to early Thursday afternoon (9-25), Friday morning (9-26), or Wednesday afternoon (9-24). Zoltan has a conflict with Tuesday the 23rd and also has a meeting Thursday morning. Many thanks!

cheers,

john

Calendar Hold for Call with USGS John Schumacher and possibly his rad expert, with R7 and Dave Bartenfelder, OSWER – to discuss findings that will be in USGS' future report to EPA.

John – you were going to check with Mr. Zabow (I've probably misspelled that name)?

I'll also try to arrange for Adobe Connect site if that would be useful?
